Docket No. 98N-1265

MAY 18 AIO:54

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: Why are you wanting to take away my right to be able to buy the prescription <sup>from my doctor</sup> specifically made to help my specific condition in the specific compounded measurements? Why does it make any difference if I buy my prescription across state lines? Why do you need to limit a specific pharmacy? A better control would be to make sure the pharmacists themselves are educated & capable!

I DO NOT SUPPORT RESTRICTING THE AVAILABILITY OF INDIVIDUALLY COMPOUNDED MEDICATIONS. WHY ARE YOU TRYING TO TAKE THE DECISIONS AWAY FROM ME AND MY DOCTOR IN SEEKING TO BETTER MY HEALTH AND QUALITY OF LIFE?
